

## Series 120 Vinyl Tilt Single Hung Window

- 1-1/2" Nail-fin setback for brick veneer construction and select stucco applications
- Sweep lock helps provide a weather-tight seal and added security
- Metal reinforced meeting rail and sash rail provide added durability and enhanced security
- Dual weather-stripping helps block air and water infiltration, keeping harsh elements outside and energy-saving comfort inside
- Versatile half screen\* installs easily from inside
- Insulated glass provides energy saving thermal efficiency. Optional Low-E glass with insulating argon gas fill provides Energy Star® rated performance
- Step sill design combines water run-off and aesthetic features of a sloped sill with the structural strength and internal drainage system of a pocket sill
- Multi-chambered vinyl lineals improve thermal performance and enhance sound absorbency
- Fusion-welded frame and sash minimizes water and air infiltration and enhances overall durability
- Operable sash tilts in for easy cleaning from inside
- Limited lifetime warranty provides reassuring peace of mind
- Pre-punched integral nail-fin targets proper nail location for quick, easy installation
- Modular sized so that rough opening widths for multiple units are easy to calculate:  
3050 Single = 35.5"  
3050 Twin = 71.5"  
3050 Triple = 107.5"
- DP Rating R45 (window size tested 48" x 84")
- Jamb depth: 2.875"

Brickmold frame provides traditional beauty and eases cement siding and brick application

All products may be ordered to meet Energy Star requirements

### Color Options\*\*
